

## Office of Undergraduate Admissions

### The Voices of Tufts Diversity Experiences - Counselor Instructions

Dear Counselor,

Your student has submitted an application for the Voices of Tufts Diversity Experiences, two overnight visit programs for high school seniors to learn more about the academic and social offerings at Tufts University. **The Engineering Experience will take place on October 18-19, 2018 and the Arts & Sciences Experience will take place on October 25-26, 2018.** The invited students will be housed with a current undergraduate on campus. All meals will be provided, and travel assistance is available for those students for whom the trip would be a financial hardship.

In order to complete this student's application, we ask you to submit the following materials:

- A current academic transcript, including the student's senior year courses
- A letter of recommendation indicating why this student would be a good candidate to attend Voices and Tufts University

You can send this information via email to [Voices@ase.tufts.edu](mailto:Voices@ase.tufts.edu) or fax to 617-627-3860 to the attention of Gail Toomajian, Admissions Program Assistant.

Please note that in order for students to be considered for the **Engineering Experience**, applications and all required materials must be received by **5:00 PM EST on October 2, 2018**. For the **Arts & Sciences Experience**, applications and all required materials must be received by **5:00 PM EST on October 9, 2018**, however priority for travel assistance funding will be given to applications completed by **October 4, 2018**. Due to the volume of applications we receive, we are not able to consider incomplete applications and those received after the deadline.

If you have any questions or concerns, please call the Office of Undergraduate Admissions at 617-627-3170 and ask to speak to a member of the Voices planning team or email us at [Voices@ase.tufts.edu](mailto:Voices@ase.tufts.edu).

On behalf of our colleagues, thank you for the work you do with young people as they explore their post-secondary options. We look forward to hearing from you.

Sincerely,  
The Office of Undergraduate Admissions and the Voices Planning Team
